

MiNK Therapeutics to Report Second Quarter 2026 Financial Results, Provide Clinical Updates on agentT-797 in Lung Injury, and Highlight Important Business Updates

August 6, 2026

NEW YORK, Aug. 06, 2026 (GLOBE NEWSWIRE) -- [MiNK Therapeutics](https://investor.minktherapeutics.com), Inc. (NASDAQ: INKT), a clinical-stage biopharmaceutical company pioneering allogeneic invariant natural killer T (iNKT) cell therapies to treat cancer and immune disorders, today announced that it will report financial results for the second quarter ended June 30, 2026, before the market opens on Thursday, August 13, 2026.

The Company will host a conference call and webcast at 8:30 AM ET that morning to review financial results and provide a corporate update focused on the clinical advancement of agentT-797, MiNK's off-the-shelf allogeneic iNKT cell therapy, in acute lung injury.

The update will include new clinical data on the progress of agentT-797 in patients with pulmonary injury, as well as details regarding the launch of MiNK's named-patient program.

Conference Participant Dial Information

Date/Time:	Thurs, August 13, 2026 8:30am ET
United States - New York	(646) 307-1963

About MiNK Therapeutics

MiNK Therapeutics is a clinical-stage biopharmaceutical company pioneering the development of allogeneic invariant natural killer T (iNKT) cell therapies and precision immune modulators designed to restore immune balance and drive durable cytotoxic responses. MiNK's proprietary iNKT platform bridges innate and adaptive immunity to address cancer, autoimmune disease, and immune collapse.

Its lead candidate, agentT-797, is an off-the-shelf, cryopreserved iNKT cell therapy currently in clinical trials for solid tumors, graft-versus-host disease (GvHD), and critical pulmonary immune failure. MiNK's pipeline also includes TCR-based and neoantigen-targeted iNKT programs that enable tissue-specific immune activation. With a scalable manufacturing process and broad therapeutic potential, MiNK is advancing a new class of immune reconstitution therapies designed to deliver durable, accessible, and globally deployable treatments.

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the federal securities laws, including statements regarding the potential, safety, clinical benefit, and development plans for agentT-797 and other iNKT-based therapies. These statements involve risks and uncertainties, including those described under "Risk Factors" in MiNK's most recent SEC filings. MiNK undertakes no obligation to update these statements except as required by law.
